## PROFILE

Highly skilled Full stack Developer with 3 years of experience in web development. Proficient in a wide range of technologies, including ReactJS, Angular, Node.js, MySQL, AWS, MongoDB, Next.js and various frontend frameworks. Strong analytical abilities combined with a quick learning capability, allowing for efficient problem-solving and effective collaboration with cross-functional teams.

## EXPERIENCE

### Felix-IT

July-2019 - Jan- 2020

Full stack developer(MEAN stack)

I acquired comprehensive skills as a Full Stack Developer during my tenure at Felix IT. My primary responsibilities included working on an Angular project designed to manage employee attendance. I excelled in reviewing code, troubleshooting problems, and rectifying issues in existing applications utilizing Angular and Node.js.

### MAXELIT PVT LTD

Feb-2020 - July- 2021

Full stack developer (MEAN stack)

Developed and maintained a website, handling bug fixes and integrating new APIs. Created components for bidding, car addition, and auction management. Proficient in Angular, Node.js, TypeScript, MongoDB, Express.js, Bootstrap, JavaScript, CSS, and HTML.

### Hashing.Company

July-2021 - July-2022

Full stack developer (MERN stack)

In this role, I worked on two projects, one involving the development of RESTful APIs in Node.js, MongoDB, and AWS for managing educational content, including books, videos, audios, and 3D content. The other project focused on creating RESTful APIs for a grocery website using Node.js, Express.js, Sequelize ORM, and MySQL. Additionally, I implemented features like OTP-based login, product management with variants and tags, and utilized AWS services like S3, EC2, Route 53, RDS, Elastic Beanstalk, Amplify, and CloudFront for deployment

### Tops info solutions pvt ltd

Agust-2022 - Present

Full stack developer(MERN stack)

Served as a dedicated developer, focusing on modifying existing functionalities and develop chrome extension with react.js. Implemented Redux and Redux Saga for efficient data handling and optimal performance. Successfully managed data within the state management library,

## EDUCATION
