PROJECTS

Vetpal

VetPal is a comprehensive online platform designed to facilitate pet owners in scheduling appointments with veterinarians and receive expert advice and prescriptions for their beloved animals. Whether it's routine check-ups, vaccinations, or addressing health concerns, VetPal aims to streamline the process of veterinary care, making it more accessible and convenient for pet owners.

Tripwire

TripWire is an innovative online platform that allows adventure seekers and nature enthusiasts to explore and experience the beauty of nature by providing access to a curated selection of 5-10 breathtaking parks. With TripWire, users can easily purchase passes to their favorite parks, unlocking a world of outdoor adventures and unforgettable experience.

Gold Rush

GoldRush is a unique rewards program that offers users an exciting opportunity to strike gold through various activities. As users engage with partner businesses, participate in promotions, or make purchases, they accumulate points and advance through different tier levels, including Blue, Gold, and Black. Black is the highest tier, granting users access to exclusive vouchers and special benefits from partner establishments. With GoldRush, users can experience the thrill of being rewarded and enjoy exceptional perks at every idlet.

Ros Kids

Ros Kids is a premier childcare facility dedicated to providing a nurturing and stimulating environment for children, allowing parents to work freely with peace of mind. Our mission is to create a safe and engaging space where children can explore, learn, and grow while fostering their creativity and curiosity. We offer a range of services, including daycare, pickup and drop-off options, and exciting summer camps, designed to cater to the unique needs of both parents and children.
